

**PISc 310**  
**Peer Grades Form**

Author's name \_\_\_\_\_

Having written the final draft of your paper, please grade how well your peers evaluated your paper. Generally, the scale is as follows:

A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E
Excellent			Good			Satisfactory			Minimum Passing		Unacceptable

More specifically, you should grade your peers on how well they were able to constructively criticize your arguments, and give specific suggestions on how to strengthen those arguments. If you wish, you may give a numeric score instead (100 point scale).

Turn in this form to the instructor on **12 April 2011** (along with your final paper). **Do not make a copy of this form for your peers. Do not discuss the grades you assign with your peers.** The grades you assign will influence but not constrain the instructor's grades.
